Subject: RE: April 10, 2012 MOSES BOD Summary

Just a quick correction to Jill's summary... There has been no communication about the impact or status of any drug lab employee who currently works or who has worked in the laboratory other than it is expected that all employees will be transferred over to DPS/MSP in their current positions.

FYI – The text in red below relates to you folks... Joe Dorant also let me know that your concerns regarding the 37.5 vs. 40 hour work week, promotional considerations/equity, and the impact of Annie D's status in relation to our lab are the concerns that he conveys at the meetings that he attends with DPH and DPS regarding your potential transfer to Public Safety. Feel free to communicate further concerns/questions to me or Joe directly. (Joe's email is jdorant@moses-ma.org)

I'll keep you guys updated, to the best of my ability...
Jill

Subject: April 10, 2012 MOSES BOD Summary

Summary of the MOSES Board of Directors' Meeting – April 10, 2012

All committee reports were given, except for the Budget Comm. whose chairman sent the message to committee chairs for annual fund requests to prepare the MOSES FY2013 budget. Highlights of other committee reports were:

- Treasurer's Report: An Eastern Bank account has been opened so that MOSES reserve funds can be transferred out of Bank of America. Note that MOSES reserve funds are currently split between five accounts.
- Commonwealth Collective Bargaining: MOSES is soliciting ideas for and volunteers to participate in Labor-Management committees. These committees are included in our contract language to provide opportunities for dialogue and improvement of things like title series language, grievance processes, etc. Contact me or Ann Looney (alooney@moses-ma.org) to communicate your interest to participate or ideas for work items.
- Legislative: The House version of the FY2013 state budget is released on 4/11/12. Joe Dorant & Bridget Quinn Watson met with House Ways & Means leadership & members to assert our interest in the funding of our recently ratified contract. **The DPH Illicit Drug Analysis Laboratory proposed transfer to the Dept. of Public Safety was discussed with House leadership. The importance of the Pino Legislation was communicated as a primary concern of the union to continue full union protection of these DPH members. MOSES has reason to believe that the Pino Legislation will be enacted, as it was released from committee with a favorable report.**
- Grievance: wins for labor occurred at other agencies; for more details contact Ed Corkren (x6741), Grievance Committee member.
- Public Relations: Constant Contact messages have been sent to members regarding the upcoming State Science Fair – the call for volunteer judges remains open. The fair takes place at MIT on May 4th, see more details here:

<http://massscifair.com/judge-registration/>. You may apply for SERV time for this day, or use other time that you may have. A slideshow of the Route 2 devastation (from the 2011 Tornado/floods) and subsequent repairs was put together by our PR consultant and shown at the evening membership meeting. Many of the MassDOT members present at the meeting were involved in the work; they were recognized. Ideas for PR stories are being solicited – if you would like the work that you do to be highlighted contact me, and we'll go from there.

- Health & Welfare Fund: the fund has paid-out 1.2 million dollars in members' claims to date. The average claim amount is \$861.00 and 1,400 claims have been processed to date. If you have not submitted your reimbursement, remember to by June 30th (for calendar year 2011 dental/optical).

NEXT BOD & MEMBERSHIP MEETING IS ON May 8th at KOWLOON RESTAURANT, in SAUGUS MA

PLEASE FORWARD THIS MESSAGE TO YOUR MOSES STAFF
